WORKSHOP ONLY

The Four Pillars and Eight Characters form one of the oldest systems of astrology. Based on the Five Elements and the 60 Year Cycle of Ten Heavenly Stems and Twelve Earthly Branches, Chinese Astrology enables us to view ourselves in a unique and very complete way.

During this workshop, you will learn how this system works and how it can provide insights into your emotional disposition, physical strengths/weaknesses and many more aspects of yourself... Your personal Feng Shui!

In addition, we will be going over individual charts, learning the Five Element Qigong, meditations and how to apply everything you learn to your own cultivation.

Knowing thyself should always be the first step!

Payment is required upon registration along with your birth information:

year, month, day and time (within 2 hours), in order for Mark to prepare your chart.

\$100 includes your personal birth-chart. If Mark has already prepared your birth chart, bring it along, or if you only wish to attend the workshop, the cost will be **\$60**.

Please register no later than Wednesday June 13, 2018 to allow for chart preparation.
